#### Data and history of the figure:

“L'avi Perico” and “s'àvia Aguedet” are two giants that date from the 1994, constructed by Juan Pons and released during the celebrations in honor to San Cayetano. They are a tribute to the greater people of the town.

Their measures are 3.65 ms and its weight is of 47 and 45 kg.

These personages comprise of great group of giants, that represents with pride the population of Lluçmassanes, the town with more giants of the Balearic Islands, with a total of 15 personages.

Like outstanding facts of this pair of giants, we can say that, honorary partners of I.N.S.E.R.S.O in 1996 were appointed, they obtained Matriculation of Honor in the School of Adults of Maó in course 1997/98, and in year 1999 they appeared in the coupons of the O.N.C.E. and were named “Lluçmaçaners of s `Any “
